

# Before. During. After.

Our expert psychiatrists and psychotherapists will be with you at every step of your reproductive journey.

**Meridian Psychiatric Partners, LLC (Meridian) is a thriving private practice that prides itself on making women's mental health a top priority.**

The Reproductive Psychiatry & Women's Wellness Division is one of the largest of its kind in Chicagoland. There are 18 expert clinicians available to help throughout three distinct life stages: Perinatal, Menstrual and Perimenopause.

Women need specialized care at each of these life stages. Meridian has the expertise to manage your reproductive mental health needs, including:

- Preconception and pregnancy
- Postpartum and breast feeding
- Medication management
- Psychotherapy for individuals and partners

## **Specialized treatment with a collaborative mindset**

From evaluation to diagnosis, treatment plan to symptom remission, and ultimately recovery and growth, Meridian is committed to supporting women through every stage.
